

Conservation Commission Meeting Minutes 2/8/22

Called to Order: 5:42 pm

Present: Chris Fithian, Mike Morin, Colleen Ryan, Jess Jameson

- Conservation Fund Discussion
 - Still no official communication from the town
 - Chris spoke with the NH Municipal Association, spoke about statute 36 A. He thinks the fund is established when the commission is established.
 - “Appropriations Authorized”- Chris thinks we can vote to appropriate any operative overage and apply to the conservation fund once it is established that we have one.
 - Mike is going to attend the Selectmen meeting on 2/9/22 to see if he can get an update on the status of the line item we have in question
- Land Inventory
 - Chris proposed the idea of sharing the map Colleen worked on with the public. Mike suggested having it as a download on the town website. Colleen will look into adjusting the size of the document so that it is suitable to download without degrading the image resolution.
- Communications- Chris had an email from someone looking to purchase a residential lot in Bartlett and had questions about wetlands. Chris explained that we don't really get involved until we are contacted through the DES after they have made their assessment, but had a good follow up discussion with this person over the phone.
- Morell Property-Chris expressed interest in having Annette come to a meeting so we can hear updates on their property plans. Mike said she recently contacted him about a few ideas, so he would get in touch and see if she would be willing to attend a meeting soon.

Called to close: 6:08 pm
