

Town of Bartlett Office of Selectmen
Meeting Minutes: December 28, 2012
Attendance: Chairman Gene Chandler
Absent: Douglas Garland, David Patch
Reporters: None

No formal meeting could be held as a quorum wasn't present.

Dr. Rose telephoned the office and Chairman Chandler spoke to him in reference to the paper work he had dropped off at the Selectmen's office this week for the clinic at the Grant's Plaza (2RT302-9-L00). Chairman Chandler informed him that we would be sending him a letter that states that he can start the renovations at his own risk pending our receiving the density calculations.

Brett and Corey Fitzgerald stopped by and inquired if they could obtain a permit to occupy the building at 1054 NH RT 16 (2RT016-192-R00). They would like to start operating their guided tour business without the bunk house as they are waiting for the finalized review from Bergeron's office (who is on vacation for two weeks). Chairman Chandler stated that they could open the business as long as no one stays there overnight. They inquired if they could put their sign up. Chairman Chandler informed them that the sign permit had been approved and already mailed to them.

Respectfully submitted,

Brenda Medeiros, Sec.
